ABOUT ME

I am an architecture student at UMD eager to learn from experienced professionals in school and the workplace. I want to enhance my skills in 3D modeling. My goal is to improve my abilities and create beautiful, high-quality design solutions that contribute to better environments for people. I also aim to develop urban spaces that foster community and sustainability.

EDUCATION

UNIVERSITY OF MARYLAND,
COLLEGE PARK

B.A, Architectural, 2026

MONTGOMERY COLLEGE,
TAKOMA PARK, MD,

AA, ART, Arts and Sciences,
Architectural Technology, 2023

ACADEMIC PROJECTS

- Springfield Architecture Society (SAS) HQ | ARCH 400
Developed the design through 3D modeling, hand drafting, and site analysis to address complex urban constraints
- Riverwalk Plaza | ARCH 400
Developed a flexible design through 3D modeling and hand drafting to accommodate walking tours, farmer's markets, and film screenings.
- Marketplace | ARCH 200
Created freehand analytical diagrams to communicate circulation, parti, and hierarchy concepts.
developed a revised full-size study model

TECHNICAL PROFICIENCY

Hand drafting &
creative drawing

Twinmotion &
Lumion

Revit & Auto CAD

Creative Suite

Rhino & SketchUp
